Click [here](#) to download the installation package.

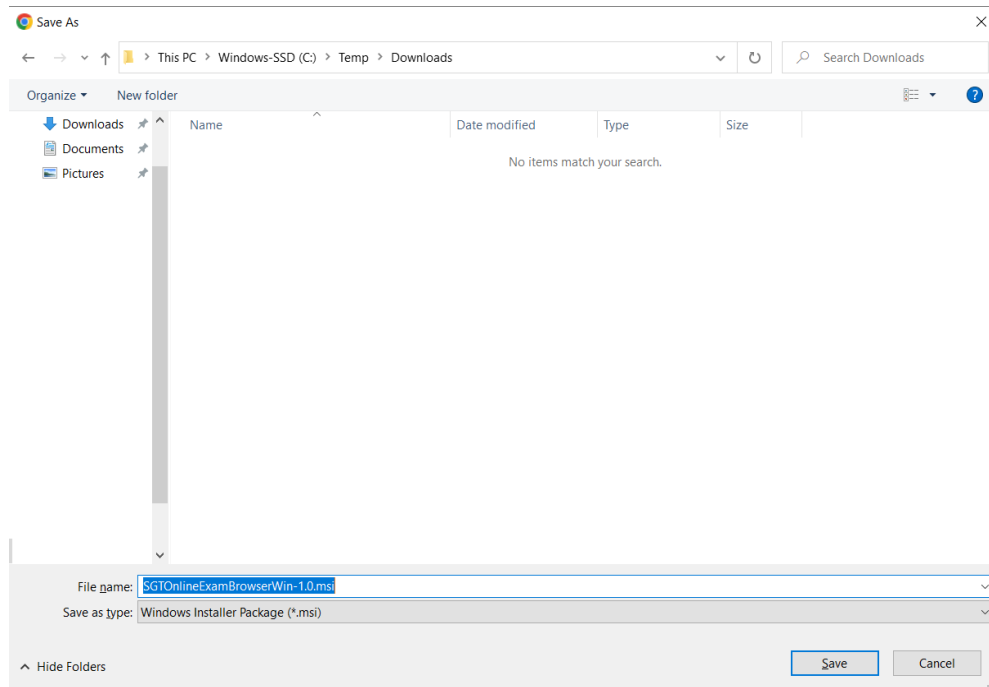

macOS user – Minimum system requirement is macOS 12 or higher (macOS 14 (Sonoma), macOS 13 (Ventura), macOS 12 (Monterey))

Click [here](#) to download the installation package.

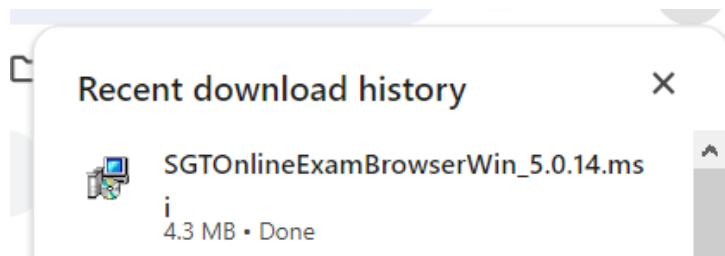

Note – *SGT Online Exam Browser requires you to have appropriate permissions to install software on your computer. Please ensure you are using a computer with appropriate permissions.*

Windows Users

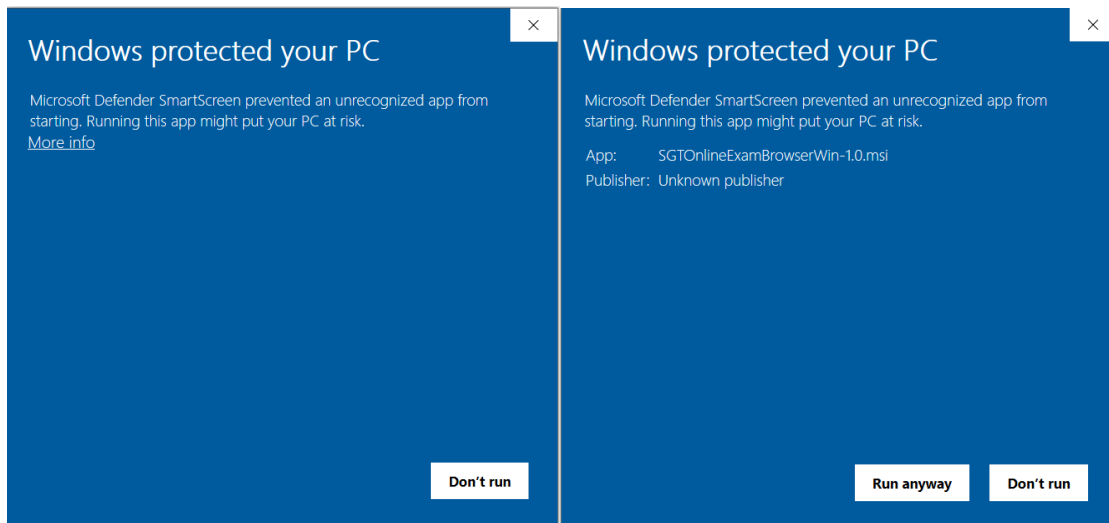

1. You may be prompted to select a location to download the package. The default location is your Windows Download folder. If this screen does not pop up, please proceed to step 3.

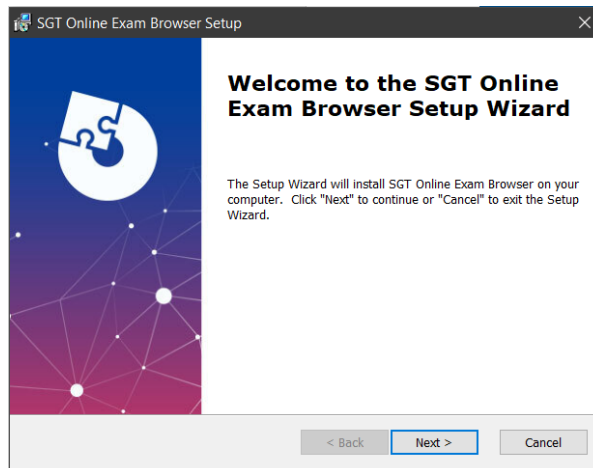

2. Once you have downloaded the file, launch it to proceed with the installation process. If you are unable to locate the downloaded file, please check your browser downloads and double click the SGTOnlineExamBrowserWin-1.0.msi file to launch.

3. If the following dialog box is displayed, please select **More Info** and select **Run Anyway.**

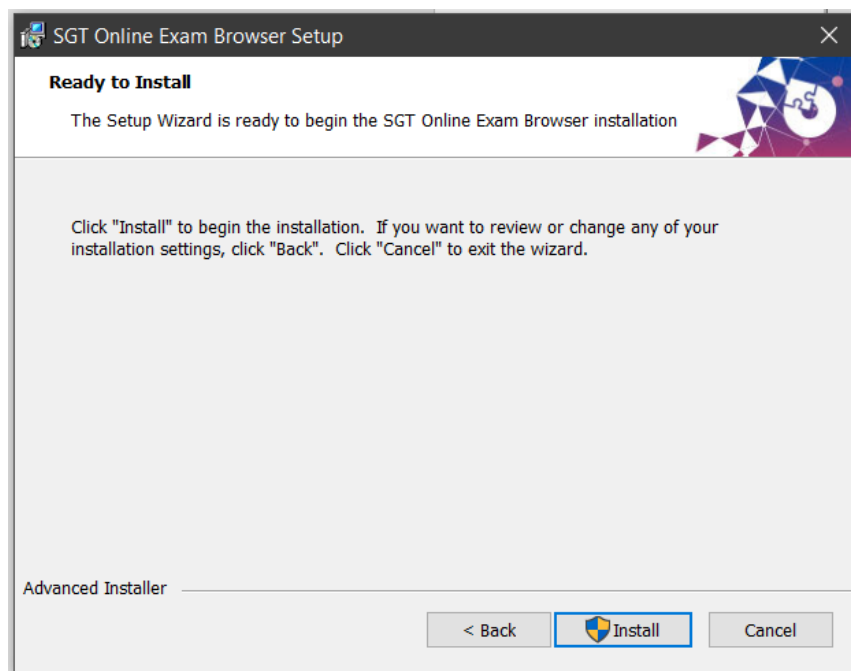

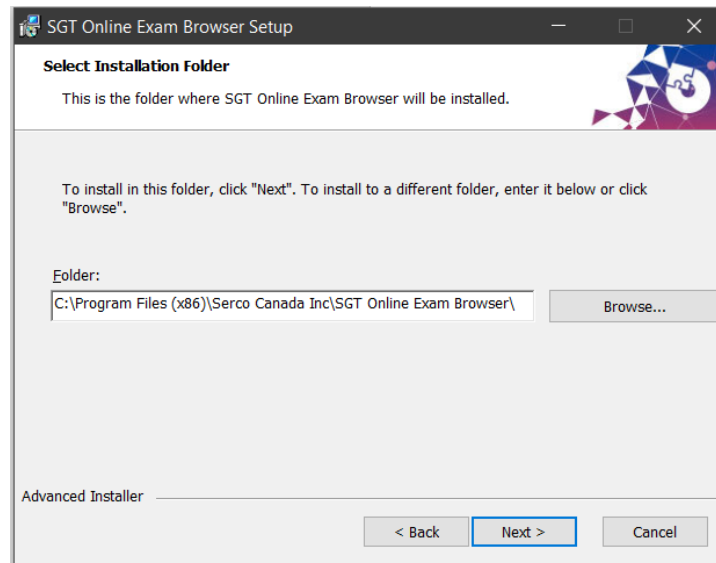

4. The installation process will now start and the following dialog box will pop up. Click **Next**.

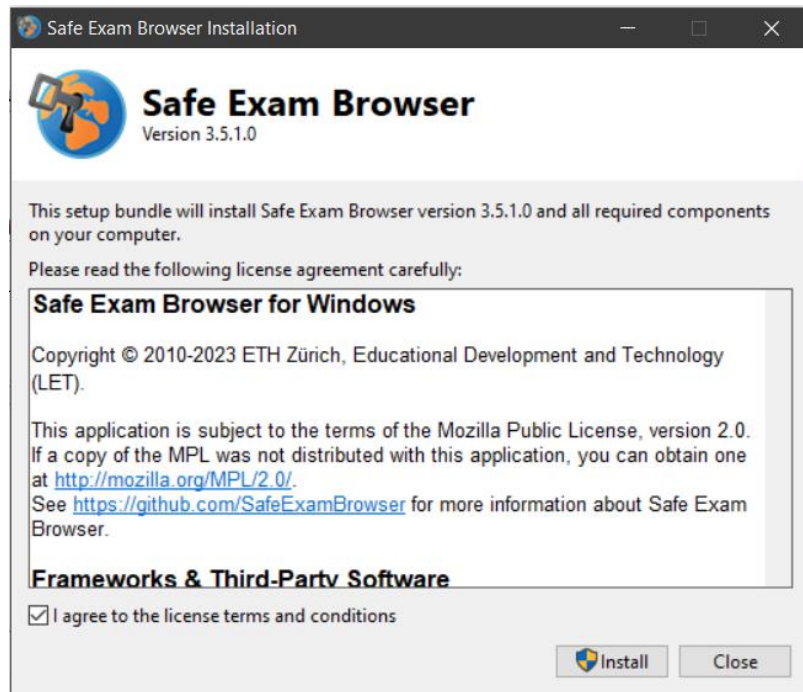

5. The next screen allows you to modify the location where browser will be installed. You can choose to leave it as the default location. Click **Next**.

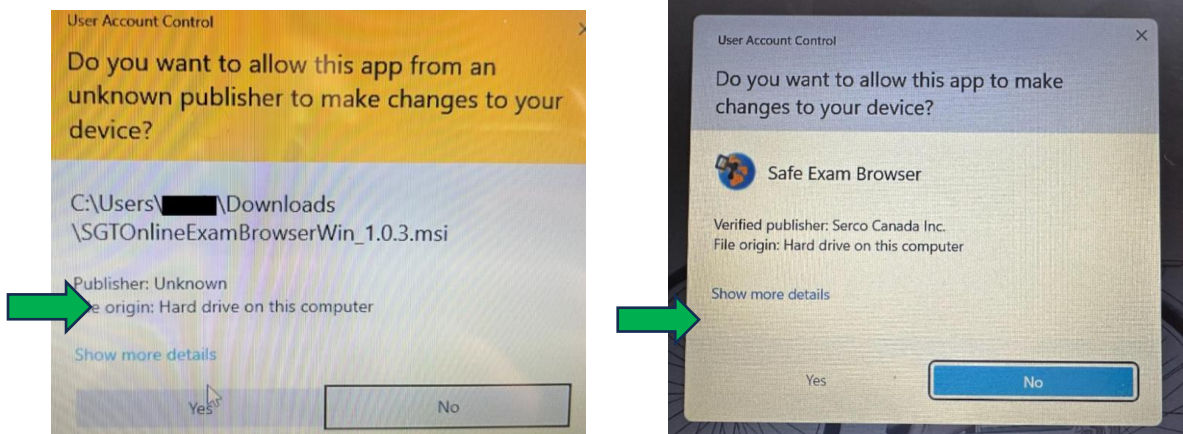

- Click **Install** on the next dialog. This will start the installation process. Please do not close or exit the installation dialog at this stage.

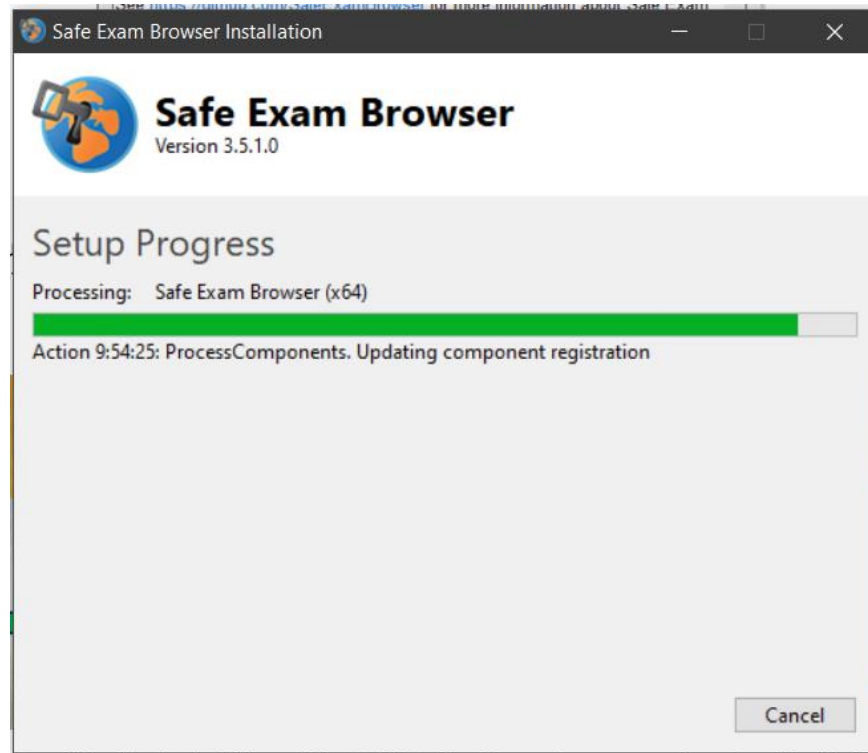

7. If you are installing the Safe Exam Browser for the first time, you might see the below screen, just check mark the "I agree" button and click on install.

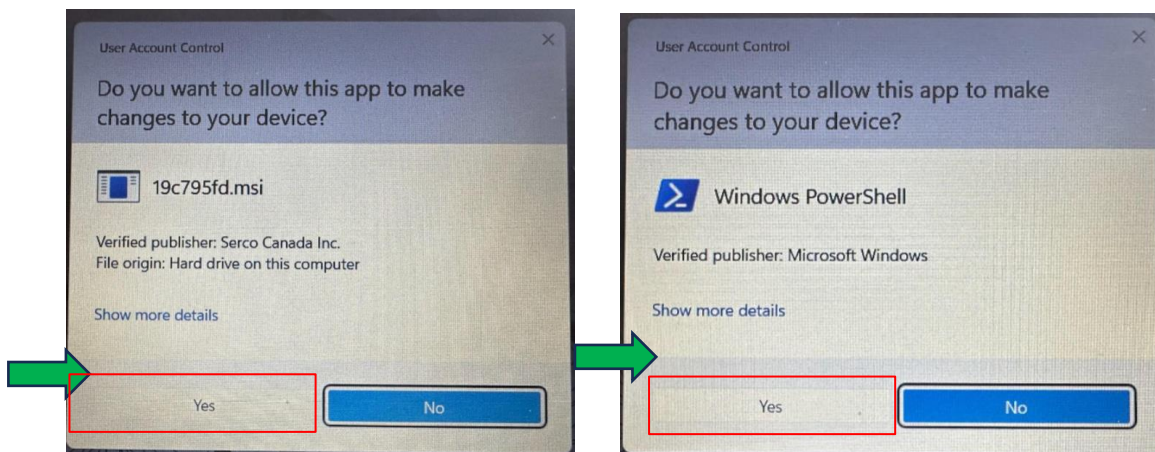

8. If you will be promoted to allow the package to make changes to your local folder. Please click 'Yes' on one or both the screens as shown below.

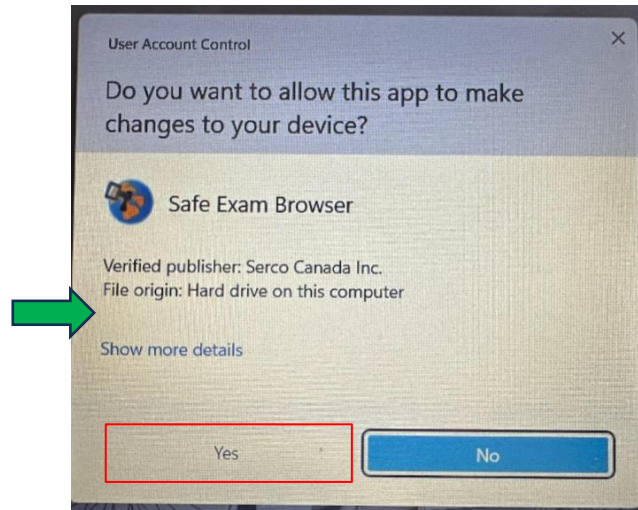

9. The installation of the browser will take a few minutes, please wait until the process completes :

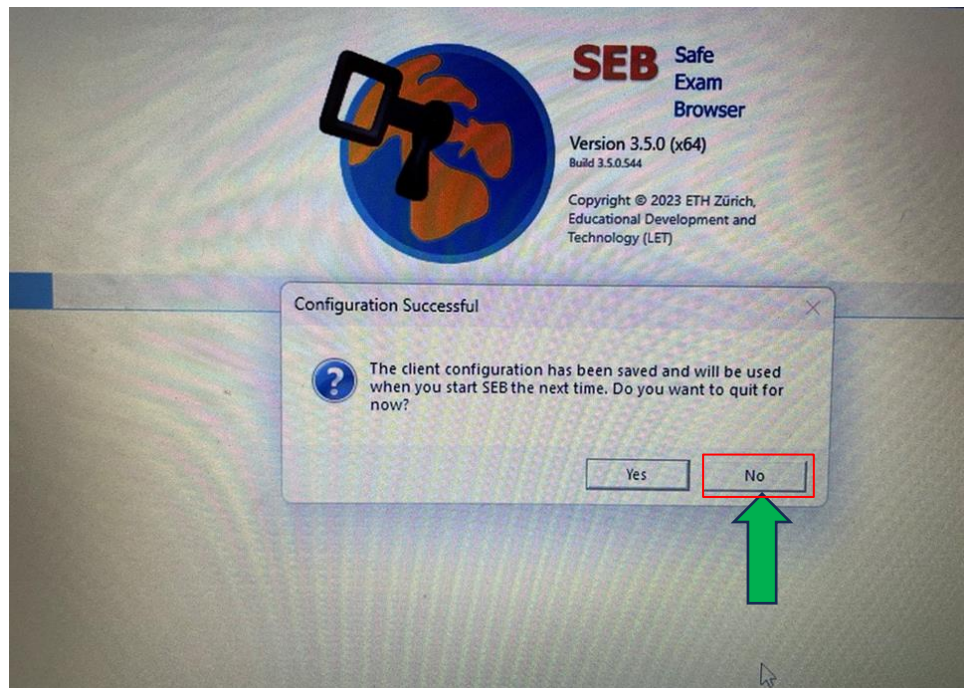

10. After the above installation completes, you might have be prompted to select **Yes** on the below few permissions :

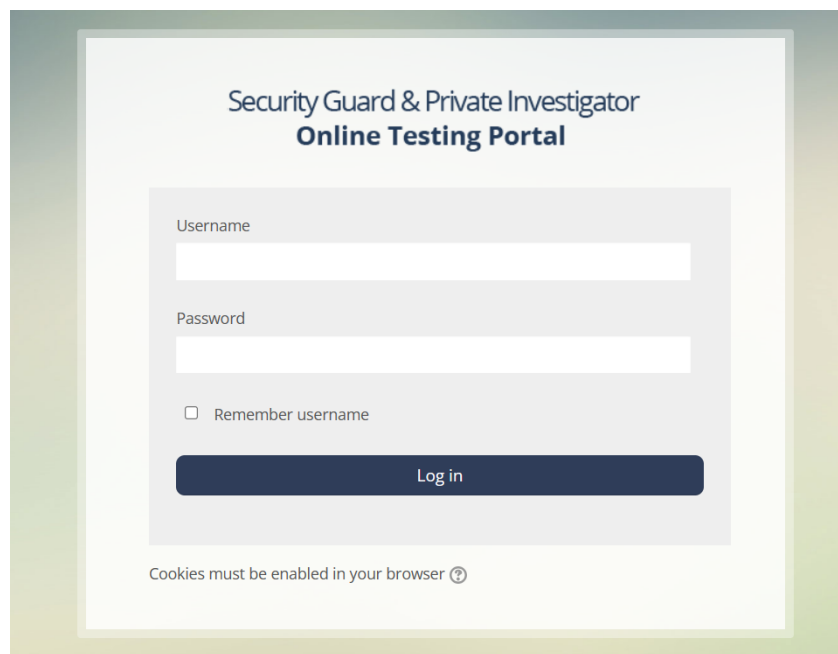

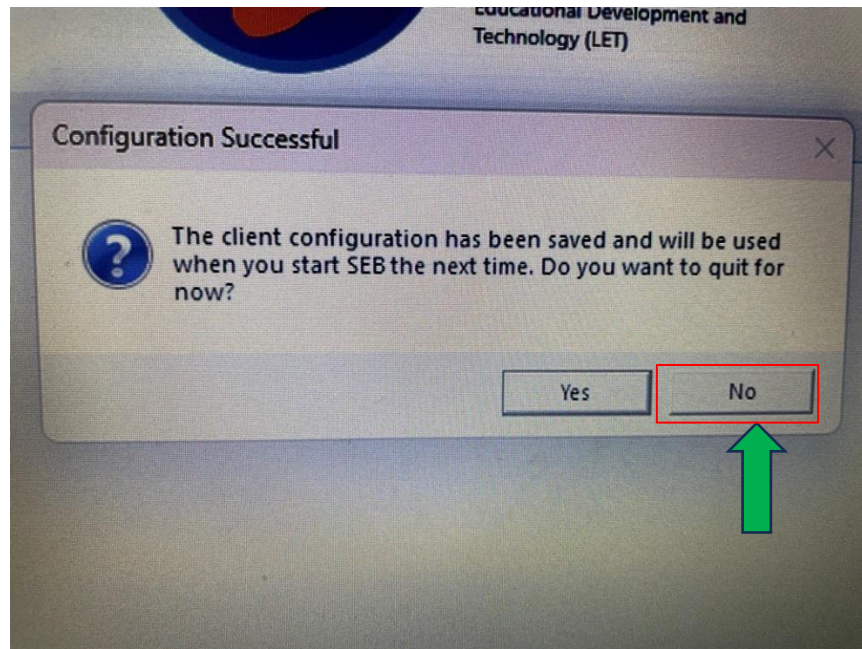

11. This completes the installation of the SGT Online Exam Browser and the application will launch on your screen.
12. At the launch, a dialog box will appear with the message , ""The client configuration has been saved and will be used when you start SEB the next time. Do you want to quit for now?" **Click NO.** This should take you to the Login screen for SGT Exam Portal.

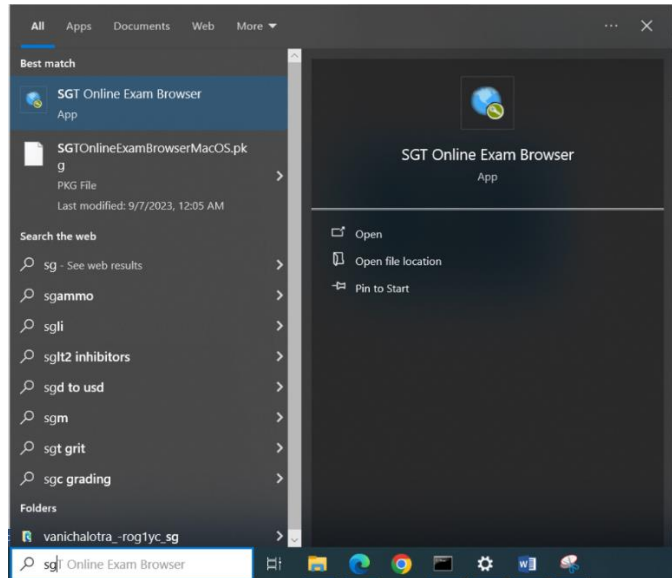

Configuration Successful popup:

Please click "NO" button on the Configuration Successful dialog box as shown in the screenshot below. If "Yes" button is clicked, the SGT Online browser will be closed.

13. To exit, click the **Power Icon** at the bottom right hand corner of the screen.
14. You will now find a shortcut (pictured below) created on your desktop as well as the Windows Start Bar to access the SGT Online Exam Browser on your scheduled exam day. You may also access this browser prior to your scheduled exam day to review pre-exam instructions at least 24 hours after booking.

On Exam Day

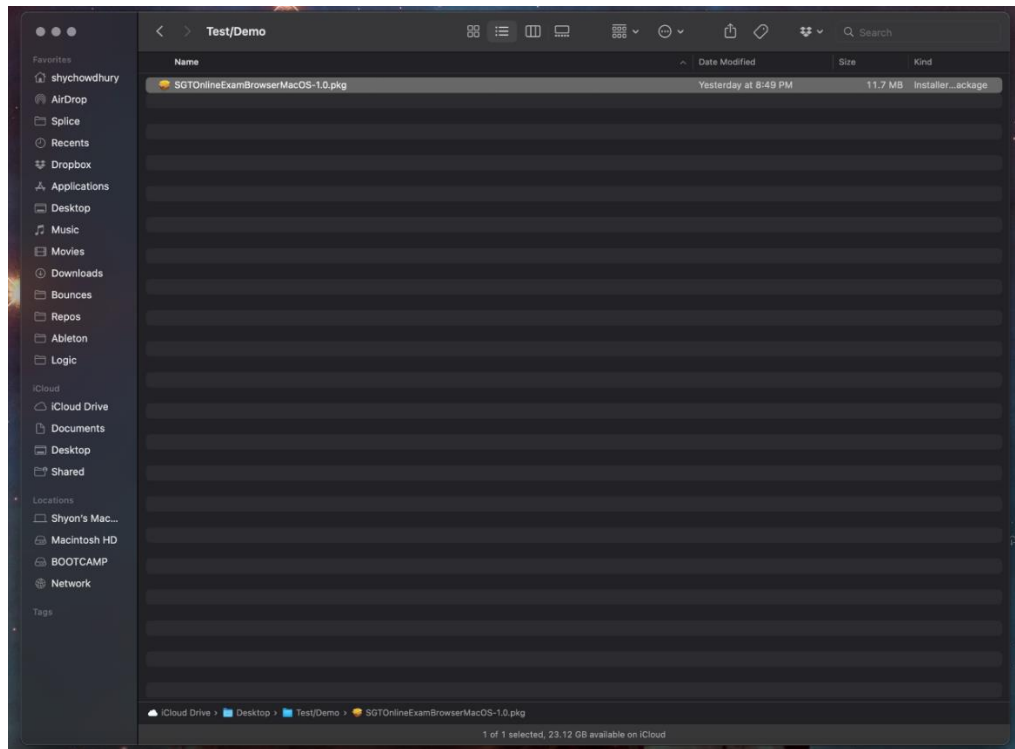

At least 15 minutes prior to your scheduled exam, please launch the SGT Online Exam Browser by double clicking the shortcut below on your desktop.

IMPORTANT: Prior to launching the browser, please ensure you have written down your user name and password to enter the exam as you will not be able to access your email confirmation once logged in to the browser.

macOS Users

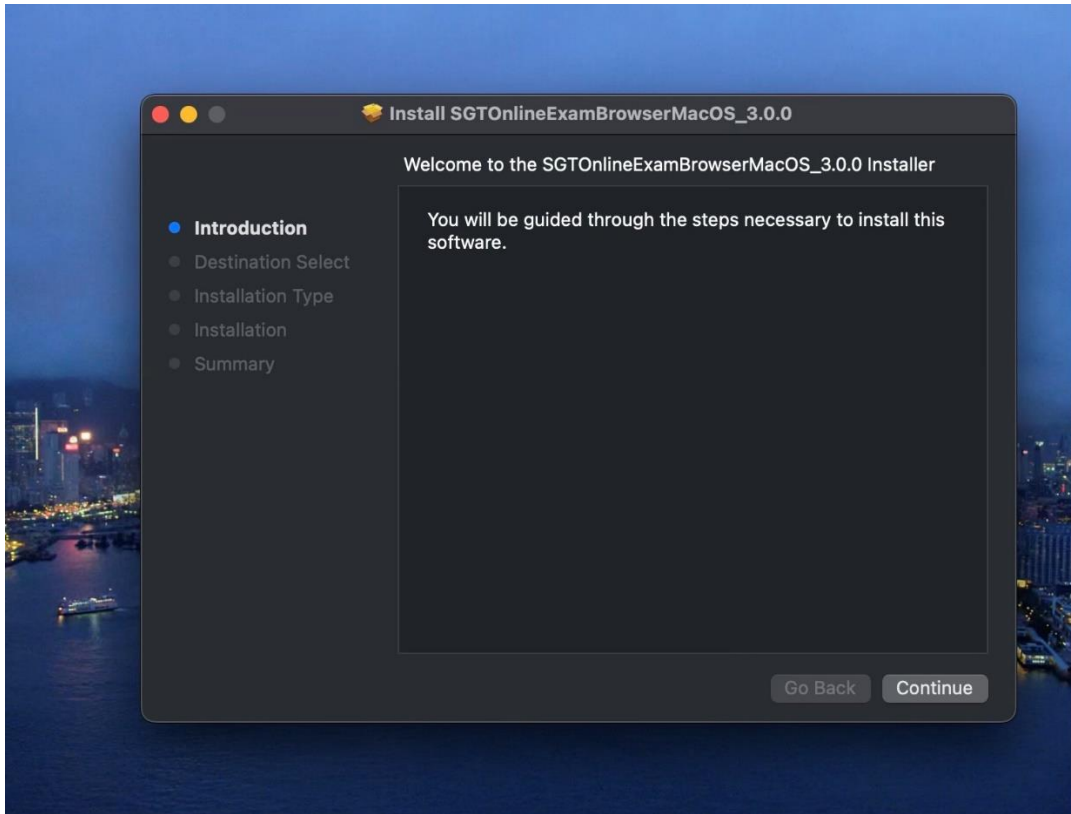

1. Download the package from the link for macOS users above.

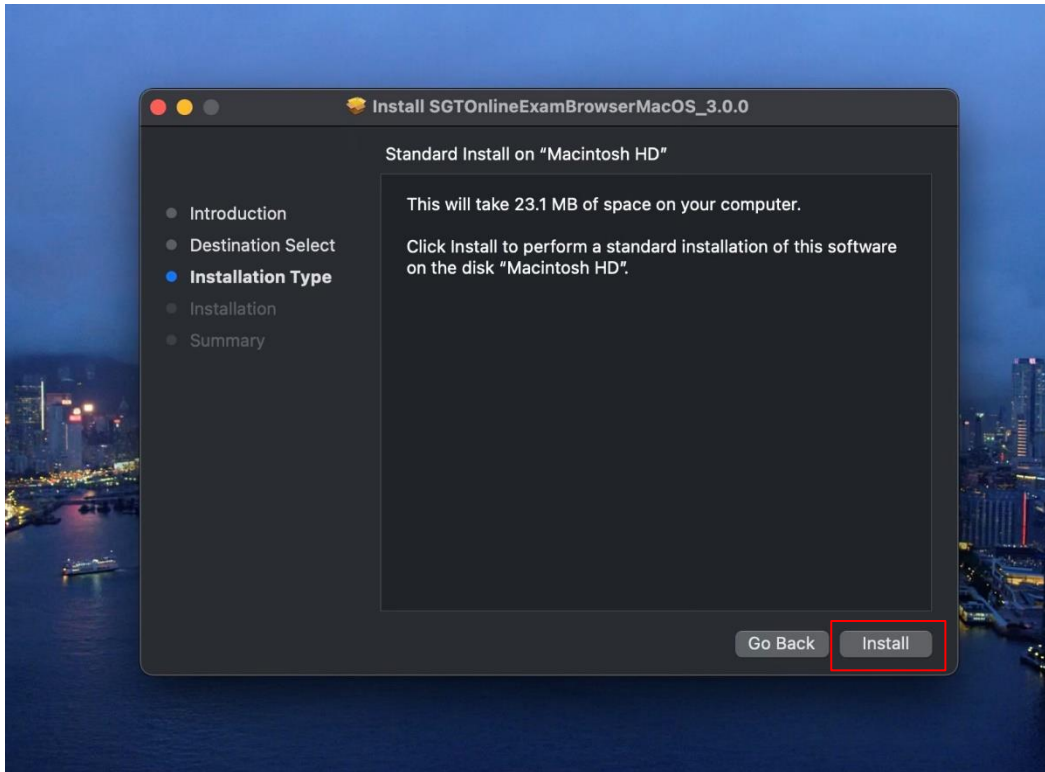

2. Navigate to the folder where the package has been saved and double click SGTOnlineExamBrowserMacOS_4.0.0.pkg. Alternately select the package from your browser downloads and click to get started.

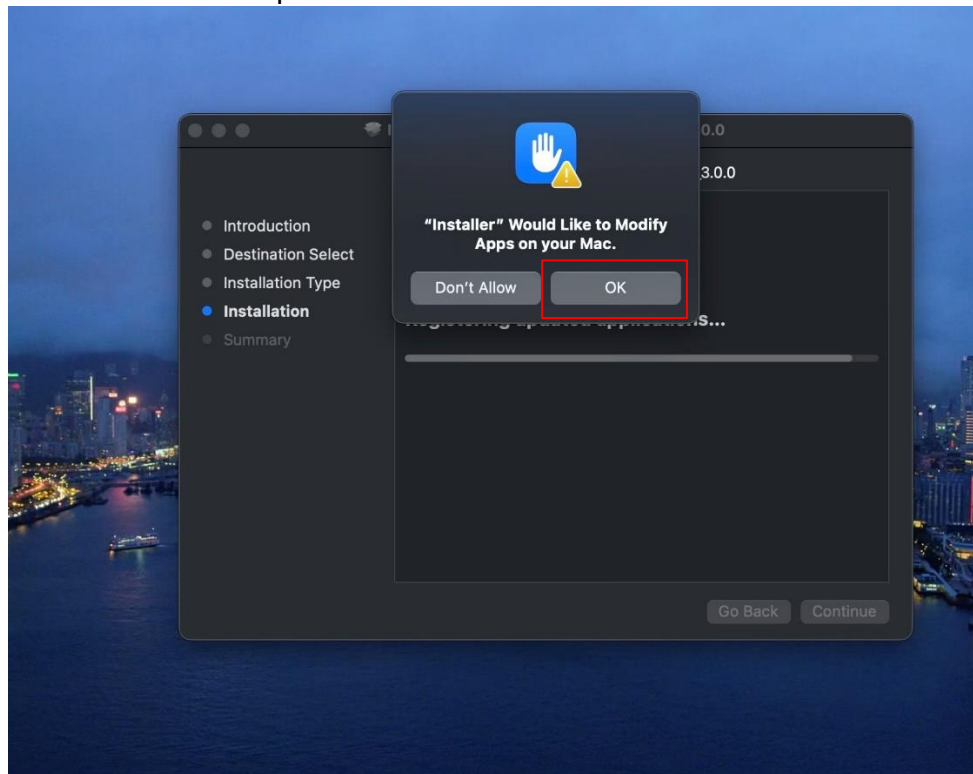

3. The installation process will now start and you should see the following dialog box. Click **Continue**.

4. The next screen allows you to modify the location where browser will be installed. You can choose to leave it as the default location. Click **Install**.

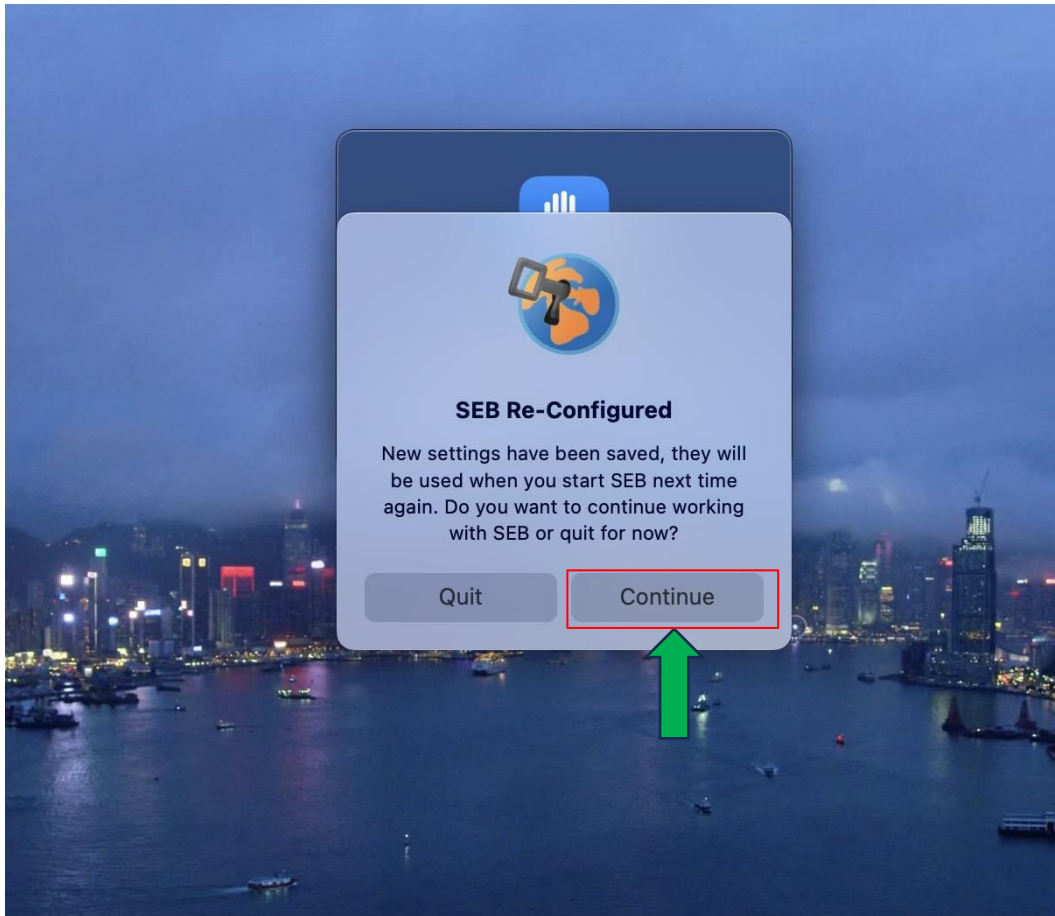

5. Click **OK** at the next step.

6. Click **Close** at the next step.

7. This completes the installation of the SGT Online Exam Browser and you will be directed to the Exam Login Page.
8. At the next step, a dialog box will appear with the message , "New Settings have been saved, they will be used when you start SEB next time again. Do you want to continue working with SEB or quit for now?" **Click Continue.** This should take you to the Login screen for SGT Exam Portal.

A screenshot of a login form titled "Security Guard & Private Investigator Online Testing Portal". The form is enclosed in a light green border. It contains the following elements: a "Username" label above a text input field, a "Password" label above a text input field, a checkbox labeled "Remember username", and a dark blue "Log in" button. At the bottom of the form, there is a small text note: "Cookies must be enabled in your browser" followed by a help icon.

9. Login to test or click the **Power Icon** at the right hand corner of the screen to exit/close SGT Online Browser.

10. You should also find a shortcut created on your desktop to access SGT Online Browser on Exam day or day prior to review exam instructions.

On Exam Day

At least 15 minutes prior to your scheduled exam, please launch the SGT Online Exam Browser by double clicking the shortcut below on your desktop.

IMPORTANT: Prior to launching the browser, please ensure you have written down your user name and password to enter the exam as you will not be able to access your email confirmation once logged in to the browser.
